SUBJECT: DCID on Security Committee

Per your 23 February note we reviewed your draft DCID and shortened it considerably. Over to you.

Am I correct in assuming that the next to last sentence in section 4 would permit me to seek continuance of membership on SECOM by OSD (Stilwell's staff) and Justice? Both contribute significantly in key areas.

If the substance of DCIDs 1/7, 1/10, etc., is published separately in nondirective form, how do you propose to give them a sufficient degree of authority for them to continue to be honored by the Community?
